Length: Novel

Format: paperback, ebook

Kara North is on the run. Fleeing from her controlling fiancé and a wedding she never wanted, she accepts the chance offer of refuge on wild, rocky Liddell Island, where she soon catches the eye of the island's owner, erotic photographer Ric Liddell. Wickedly sexy by day and just plain wicked by night, Ric rules his domain like a feudal lord. He's used to getting what he wants, without any commitment, and just when Kara thinks she has him hooked, he hides behind a cool, dispassionate mask.

But pleasure comes in more than one flavour when Zachary Blackwater, the charming ice-cream vendor also takes an interest, and wants more than just a tumble in the surf. Zach offers her warmth that she never felt from her ex, and soon it's not just the ice cream that's melting.

When Kara learns that the two men have been unlikely lovers for years, she becomes obsessed with the idea of a threesome. Zach is reluctant, until he sees the dynamic effect Kara has on Ric's emotions. She might be the key to finally capturing Ric's heart.

*Their 'no strings' affair is about to get complicated.*

One disastrous marriage was all it took for Ric Liddell to give up on commitment, so when his 'no strings' arrangement with Zach Blackwater and Kara North hits the rocks due to a plague of interfering busybodies, he retreats to what feels safe — sex, filthy sex, and even more filthy sex, in no particular order.

Zach wants Ric, and not just for their connection in the sack. When his lover hurts him, he's willing to look elsewhere for the stability he craves — and he doesn't have to look far, because Kara's right there.

The guys are hot, and the sex is dirty, but for Kara, caught in the middle of Zach and Ric's emotional absurdity, it's painfully clear their threesome just can't last. Unless — they can somehow set their fears aside and accept they need one another to be whole.

From NEW YORK TIMES & USA TODAY bestselling author, Madelynne Ellis—SHADOW QUEEN is the third installment of the BLOOD MOON serial.

*Love knows no boundaries... Not even death.*

The Blood Moon has risen, and having claimed the soul of his consort, Blaze Makaresh is finally able to secure the demon throne. However, distraught after the tragic loss of his lover, Blaze—with the aid of his elite guard—first seeks to reclaim Asha from death's cruel grip. Only once she's restored to him will he finally enact revenge and lead his army into battle.

Changed in a way that none of them predicted, Asha uses her new found skills to confront her former master, but with the sounds and symbols of dead languages scarring the city, it's anyone's guess who will emerge victorious.
